

Verbena EnduraScape™ Pink Bicolor
AAS Ornamental Vegetative Winner

EnduraScape™ is described as “tough as nails” because it is the first verbena that can tolerate drought and heat plus survive cooler temperatures down to the low teens. This long-blooming pink bicolor verbena is spectacular in the landscape, edging a walk or border as well as in large containers and baskets. Vigorous plants are sturdy spreaders that pop with abundant soft pink blossoms that darken in intensity toward the center of the bloom. Pink Bicolor is the newest color in the series and the AAS Judges deemed it truly spectacular!
