

Impatiens SunPatens® Spreading Shell Pink
AAS Ornamental Vegetative Winner

The truly unique genetic background of SunPatens® Spreading Shell Pink delivers unsurpassed garden performance with season-long, soft pink flowers that never slow down. Strong roots take hold quickly after transplanting and these impatiens thrive under high heat, rain and humidity. The AAS Judges loved these vigorous spreading plants that keep their shape all summer, plus, they do just as well in full sun as in shade. These low-maintenance plants are perfect for gardeners looking for impatiens that are resistant to downy mildew. Available in plant form only.
