

Pepper Sweet Sunset F₁
AAS Edible Regional Winner
Regions: SE, HL, W/NW

Sweet Sunset is a compact banana pepper that is vigorous and sets a large amount of concentrated fruit. This high yielding X3R variety produces attractive colorful tasty peppers that are great fresh or canned. The compact upright plants do not require staking and can be grown in a container. This AAS Winner produces early, often and late into the season. Judges commented on the good eating quality and Sweet Sunset won the taste test in one trial site's open house!
