

Salvia 'Summer Jewel Pink'
AAS Flower Award Winner

Sister to earlier AAS Winner Salvia 'Summer Jewel Red', this dwarf sized, compact plant has a prolific bloom count throughout the growing season. As a bonus, the blooms appear almost two weeks earlier than the other pink salvias used as comparisons. And of course, the hummingbirds love pink, just as much as they do red! Commercial growers will appreciate the earliness, excellent pack performance and uniformity. Bred by Takii & Co, Ltd.
