

**Tomato Chef's Choice Pink F<sub>1</sub>**  
**AAS Edible Regional Winner**  
**Regions: GL, SE**

First we introduced Chef's Choice Orange as an All-America Selections Winner and now we have her sister, Chef's Choice Pink--another tasty beauty in beefsteak tomatoes. Indeterminate potato leaf plants yield large (often more than one pound) fruits with a sweet, meaty flesh. This hybrid is easier to grow than most beefsteaks so don't be timid, give it a try. The reward will be healthy disease-resistant plants and a large harvest of tasty, attractive pink fleshed tomatoes reminiscent of heirloom varieties.

**AAS® Winner Data**

**Genus species:** *Solanum lycopersicum*

**Common name:** Tomato

**Fruit size:** 6 to 7 inches, 12 to 14 ounces
