

**Zinnia 'Double Zahara Fire'**  
**AAS Bedding Plant Award Winner**

Large 2 ½ inch, fully double flowers crown these disease resistant plants. 'Double Zahara Fire' has proven leaf spot and mildew resistance. This is linked to the ease of growing in the greenhouse for spring flowering plants and the length of flowering season. There is less risk of plant loss while growing these zinnias under cool, low light conditions. Gardeners can rely on 'Double Zahara Fire' for reliable, season long performance. Plants will continue to bloom from spring to the end of the growing season, with little garden maintenance. Mature plants will be about 14 inches tall and spread 12 inches. Similar to all zinnias, this AAS Winner will perform best in full sun and thrive on summer heat. 'Double Zahara Fire' was bred by PanAmerican Seed Company.

**AAS® Winner Data**

**Genus species:** *Zinnia interspecific*

**Common name:** Zinnia

**Unique qualities:** Fully double and larger flowers, disease resistance
