

Cucumber, 'Pick a Bushel' F₁
AAS Vegetable Regional Winner

This Regional AAS Winner is great for northern areas because it is early to set fruit, offers a prolific quantity of fruit and is a compact bush-type cucumber spreading only about 24 inches. 'Pick a Bushel' offers a sweeter tasting light-green cucumber with a nice firm texture, perfect for pickling when harvested early. Fruits left on the bush-type vines longer can get up to 6" long and can be enjoyed fresh in salads. For gardeners looking for a cucumber that can be grown in patio containers, 'Pick a Bushel' is a great option.
