Pepper, 'Mama Mia Giallo' F_1
AAS Vegetable Winner

Judges declared this a "great yellow pepper" because of the huge yield, uniform shape and smooth skin of the long tapered fruits and the beautiful yellow/gold color when mature. 'Mama Mia Giallo' has a nice sweet flavor that is excellent either fresh or roasted. For gardeners eager for their harvest, this pepper offers ripe fruits 85 days after transplanting. An added bonus is the somewhat compact 24" plant that takes up less space and offers disease tolerance to Tobacco mosaic virus.
