

Petunia, 'African Sunset' F₁
AAS Bedding Plant Winner

'African Sunset' wowed the judges with an attractive, "designer color" in shades of orange flowers that proved itself against other similarly colored petunias currently available. Gardeners are always looking for a petunia that grows evenly and uniformly in the garden while producing a prolific number of blooms all season long and this beauty certainly fills that need. Many of our judges want this in plantings for their alma mater so if your school colors include orange, this one is for you!
