Salvia Summer Jewel™ Lavender
AAS Ornamental Seed Regional Winner
Regions: GL, HL, SE

The fourth AAS Winner in the Summer Jewel™ series of popular AAS Salvia Winners is the newest in color, Summer Jewel™ Lavender. The unique flower color of dusty lavender purple is a delight in the garden and flower containers as well as a major attractor of pollinators including bees, butterflies and hummingbirds. An extra bonus is how much the Goldfinch loves these flower seeds in the fall. It's a photo-ready moment when these complementary colors of gold and lavender connect! The early blooming, stable, compact uniform growth, and continuous flowering of this plant are additional positives to this plant.
