A third color in the popular Summer Jewel series, white brings a much-needed color to compact salvias. This dwarf sized, compact plant has a prolific bloom count throughout the summer. As a bonus, the blooms appear almost two weeks earlier than other white salvias used as comparisons. Judges noted how the bees, butterflies and hummingbirds loved the larger flowers, making it perfect for a pollinator garden. Because of the compactness and number of flowers, Summer Jewel White is great for large landscaped areas, as well as containers and small beds.

**AAS® Winner Data**

- **Genus species:** *Salvia coccinea*
- **Common name:** Texas sage
- **Flower color:** White
- **Foliage color:** Green
- **Flower form:** Compact, upright
- **Flower size:** ½ inch
- **Plant height:** 10 to 24 inches
- **Plant type:** Annual
- **Garden location:** Full sun
- **Garden spacing:** 10 to 12 inches
- **Length of time from sowing seed to flower:** 50 days
- **Weather tolerance:** Heat, rain, and wind
- **Closest comparisons on market:** Snow Nymph, Summer Jewel Red
