

Tomato Chef's Choice Pink F₁
AAS Edible Regional Winner
Regions: GL, SE

First we introduced Chef's Choice Orange as an All-America Selections Winner and now we have her sister, Chef's Choice Pink--another tasty beauty in beefsteak tomatoes. Indeterminate potato leaf plants yield large (often more than one pound) fruits with a sweet, meaty flesh. This hybrid is easier to grow than most beefsteaks so don't be timid, give it a try. The reward will be healthy disease-resistant plants and a large harvest of tasty, attractive pink fleshed tomatoes reminiscent of heirloom varieties.
