

Pepper habanero Roulette F1 AAS Edible Winner

Roulette F1 resembles a traditional habanero pepper in every way (fruit shape, size and color, and plant type) with one exception – No Heat! This AAS National Winner's one ounce fruits are red with thick walls when it matures and a nice citrusy (no heat) habanero flavor! Gardeners will be delighted with the earlier production of large, uniform fruit and a very high yield. One judge noted that each plant easily produces 10-11 fruits at one time and up to 100 per season so there are plenty to eat fresh, cook with, and enjoy! For an early fruit production of a habanero pepper that will charm even those that don't like it hot, take your chances...Roulette is the perfect choice.
