

Echinacea Sombrero® Baja Burgundy

Sombrero® Baja burgundy will add a bold accent to sunny gardens with its vibrant, deep, violet-red blossoms. The beautiful flower color is without equal among coneflowers and is perfect for cut flowers. After being trialed over three tough winters the AAS judges noted this standout's hardiness, sturdy branching and floriferous blooming habit. Birds and pollinators certainly flock to this deer-resistant beauty making it a dual purpose plant. Gardeners will enjoy prolific blooms on this standout from mid-summer until first frost.
