

Pepper Buffy F1

This hot pepper is juicy and delicious, with thick walls and green to red fruits. The strong, healthy, upright plants yield 250 - 280 peppers, each 1.5 inches long. Buffy matures faster than the comparisons, ready in 70 days from transplant. The flavorful fruits are ideal for sport peppers as well as for your other favorite recipes. As a bonus, the peppers are held high on the plant, adding ornamental value to the garden!
