Tomato Chef's Choice Bicolor F1

The first bicolor tomato in the Chef's Choice series is here! Indeterminate plants produce large 7-8 ounce flattened beefsteak fruits with beautiful pinkish red internal stripes within a yellow flesh. The lovely stripes extend to the base of the outer fruit skins. These heirloom looking tomatoes are as sweet as they are beautiful with a better flavor and texture than the comparisons. Gardeners will enjoy earlier maturity and more uniform fruits that hold up all season long, producing well into September in the Heartland. As with all the colors in the Chef's Choice series, each plant can produce about 30 fruits per season.

AAS® Winner Data

Genus species: *Solanum lycopersicum*

Common name: Tomato

Fruit size: 5-6 inches, 7-8 ounces

Fruit shape: Flattened round

Color: Yellow fruit with pink/red internal stripes
