

Geranium Interspecific Big EEZE Pink Batik

The Big EEZE geranium series is known for its superior container performance, medium vigor, and heat tolerance. The newest addition to the series, Pink Batik, is an AAS National Winner that is sure to impress gardeners with its unique coloration and minimal maintenance requirements. Batiking is known for being a labor-intensive way to produce beautiful colorations on fabric but this new geranium is a super “EEZE” way to get stunning petal colors on a very floriferous plant with very little effort needed.
