

Snapdragon DoubleShot™ Yellow Red Heart F1

Yellow Red Heart joins her sister Orange Bicolor to really make a stunning “hit” in your garden. This is one tough cookie that won’t break any hearts as she blooms early and holds up well through summer’s heat better than the comparison variety. The fans (the AAS Judges) of this variety loved the early blooms, healthy plants, vibrant colors, and long-lasting flowers. An additional bonus is that this snapdragon will hit you with an amazing candy-like scent!
